

ECKART America Corporation Environmental Policy

ECKART America Corporation is committed to conducting its mission in an environmentally responsible manner that will protect human health, natural resources, and the environment. In keeping with this policy, we are dedicated to continued improvement of our processes to prevent pollution and reduce waste generation. ECKART America's activities include manufacturing, distribution, operational maintenance, shipping and receiving, administrative functions, as well as facilities maintenance. We will comply with all environmental laws and regulations applicable to the conduct of our mission. We have in the past, and will continue in the future, to pursue a course of responsible environmental stewardship. In support of our environmental policy, we will strive to:

- Promote the conservation and sustainable use of natural and manmade materials;
- Minimize environmental pollution and waste;
- Build environmental concerns into all policies, programs, and missions;
- Integrate environmental information into all levels of management;
- Achieve continuous improvements in environmental performance over and above regulatory and legislative requirements; and
- Work in partnership with all stakeholders to promote waste reduction.

Each employee and contractor of the ECKART sites is accountable for adhering to all laws and standards applicable to this environmental policy.
